Long Readings Lane
Slough
Berks SL2 1QE

Creating a Climate for Learning

Ensuring that pupils with SEMH are fully included in the mainstream classroom

Haybrook 
College Trust

“Inspiring and supporting young people to make positive choices about the future”

The expectation to raise attainment of all pupils in a classroom is a challenge for teachers, particularly when including young people with challenging behaviour.

This one day course will provide a range of practical strategies for teachers to consider when teaching young people with Social, Emotional and Mental Health difficulties, whilst ensuring that all pupils make progress.

Cost - £150 per head

Phone: 01628 696076

Led by Haybrook College

Jamie Rockman —Executive Headteacher

Creating a Climate for Learning

Ensuring that pupils with SEBD are fully included in the mainstream classroom

Haybrook College

"Inspiring and supporting young people to make positive choices about the future"

AIMS

- ♦ To raise awareness of the complex needs of an increasing number of young people with social, emotional and behavioural difficulties
- ♦ To recognise how positive relationships and the use of language are essential to improve the learning environment for all pupils.
- ♦ To consider the importance of using different learning styles to engage young people in the classroom

TARGET AUDIENCE

Professionals working with young people with Social Emotional Mental Health Difficulties KS2-4

Cost - £150 per head
