Introduction

The Standards & Testing Agency (STA) is an executive agency within the Department for Education. It is responsible for the development and delivery of all statutory assessments from early years to the end of Key Stage 3. STA documents explain statutory requirements and guidance for assessment and reporting arrangements, including external moderation.

The Moderation Process

Moderation is an integral part of assessment ensuring that standards of assessment in writing are consistent among teachers, schools and LAs and that they are maintained from year to year. External moderation visits are only one part of the assessment process. It is important for schools to engage fully with each stage of the process to ensure that their teacher assessment is accurate and in line with national standards.

The moderation process as a whole includes:

Ongoing assessment

Teachers make day-to-day professional judgements on children's progress and attainment to inform next steps in learning.

Standardisation

A professional development activity where teachers secure their understanding of teacher assessment frameworks of attainment in writing at KS2. Where there are differences, teachers must review their judgements and align them with national standards.

For assessment guidelines/standards files to support standardisation activity are on the www.gov.uk website for each key stage and subjects.

Teacher assessment at Ks2

Following standardisation, teachers make informed judgements about children's attainment in writing with reference to the teacher assessment frameworks at KS2 and supported by task and test outcomes.

School / cluster moderation

With colleagues, teachers use the teacher assessment frameworks to review a selection of the judgements and supporting evidence (including task and test outcomes where available) for writing to check their accuracy and consistency. Disagreement must be resolved to ensure that all judgements are in line with national standards and may require revisiting all previous teacher assessment judgements.

For any internal / external moderation with other stakeholders / schools to be valid, schools should use national curriculum programmes of study as well as the teacher assessment frameworks. If these are not used, the outcomes of the internal moderation may not be useable for an LA external moderation visit.

External LA moderation

Visits by LA external moderators to review teachers' judgements in writing across the range of attainment to ensure that teacher assessments are consistently accurate and in line with teacher assessment frameworks. Teachers will discuss their judgements with the moderator with reference to a range of evidence for a sample of children. Moderators will confirm their judgements with reference to a range of evidence from a sample of the children's work.

The best way for schools to prepare for an LA external moderation visit is to have robust assessment processes, based on teachers' strong understanding of national standards.

A moderation visit should not require any addition to a teacher's workload.

Schools do not need to create portfolios of work or prepare 'showpiece' examples for a moderation visit as the emphasis will be on professional dialogue between the Year 6 teacher /s and the LA external moderators. There is **no need** for schools to keep additional records justifying their TA judgements.

Overview of the External Moderation Process

"External LA moderation is statutory. It gives confidence that schools' TA judgements for KS2 are accurate and consistent with national standards." We aim to ensure that "it is a collaborative process between schools and local authority moderators".

Schools receive an LA external moderation visit to review their KS2 TA judgements usually, **at least** once every 4 years. During the visit LA external moderators will check teachers' understanding of national standards and look at pupils' work in multiple subjects from across the year. If the LA external moderators raise concerns regarding the school's TA judgements, the school must amend these to ensure that they are in line with national standards.

The emphasis of a moderation visit is on the professional discussion between the year 6 teachers and the LA external moderator. Schools must be able to justify their TA judgements from the pupils' work available.

Teachers and LA external moderators must refer to the teacher assessment frameworks at all times when confirming judgements. They may also refer to the exemplification materials provided by the STA. Teachers and LA external moderators must balance the evidence to understand where the best fit lies. There is no need to provide tick-sheets for an external moderation.

Schools are accountable for submitting accurate and valid Key Stage 2 TA judgements. Regardless of whether schools receive an LA moderation visit in 2020, headteachers must ensure that robust moderation processes (internal and with other schools or stakeholders) are followed and that the teacher assessment frameworks are referred to at all times during that process.

Schools must submit accurate TA data to the DfE which reflects any changes made as a result of an LA moderation visit. If a school submits TA data which is different from that agreed during the LA external moderation visit, the school must contact the LA in advance. The school will need to give evidence to justify their changes and reach agreement on final data. There could be a maladministration investigation of the school's TA if the school submit changed data without the LA's consent."

An external moderation visit does NOT include those children who are working below the TA frameworks. For those, the school should use interim pre-key stage standards or P scales.

Pre-key stage standards

The pre-key stage standards are for pupils who are working below the lowest standard in the relevant TA framework. The interim pre-key stage standards should be used only to make a statutory TA judgement for pupils who have reached the end of year 6, when an outcome must be reported for school accountability,

Teachers should follow the specific guidance for each subject in the pre-key stage standards when making their judgements.

Pupils who are working below the lowest standard in one of the TA frameworks because they cannot communicate in English should be assessed using the pre-key stage standards.

If a pupil has SEND and is working below the pre-key stage standards, their statutory outcome should be reported using P scales.

P scales

P scales are statutory for pupils with SEND who are working below the pre-key stage standards defined for KS2. Schools must submit P scale data with their TA data. P scales 1 to 4 must continue to be used for statutory assessment of pupils not engaged in subject-specific study at the end of KS2 for the 2019 to 2020 academic year.

For assessing disabilities please refer to P.17, section 7 in the Key Stage 2 Teacher Assessment Guidance, October 2019.

Suitable evidence for moderation

Judgements 'must be based on sound and demonstrable evidence.' (TAG p.11, section 5.3)

For writing at Key Stage 2:

- Examples of children's independent work which provides the clearest evidence of embedded learning, as well as work supported through direct modelling, use of prompts or guided group work.
 The clearest evidence for independence is likely to come from the application of skills across the curriculum.
- Work should be dated.
- Teachers should ensure that moderators are clear about the amount of support a child has received with their work. Level of independence and any support provided by classroom assistants.
- There should be a **variety** and **range** of evidence. For Key Stage 2 writing, this would include:

Variety:

- Children's exercise books and other examples of written work in a variety of forms and for a range of purposes and audiences, from the year/key stage. This should include draft work as well as 'finished' examples.
- Other evidence which the school considers relevant including real events and personal experiences.
- a single, comprehensive example of writing is sufficient to show that a pupil can (for example, 'describe settings, characters and atmosphere and integrate dialogue to convey character and advance the action').
- discrete test questions will only supplement evidence that pupils have met statements—for example, a spelling test or handwriting exercise can provide additional evidence for these statements in English writing, and if pupils do not use any of the words from the statutory lists in their day-to-day writing, evidence from these tests and exercises alone is sufficient.

Range including both fiction and non-fiction forms. The main text types include:

- recount
- procedure or instruction
- narrative/short story
- report
- explanation
- argument and persuasion
- poetry

Independence of Work:

There must be examples of children's independent writing in order to secure a standard. Clearest evidence for independence is likely to come from writing which is cross-curricular and /or which requires pupils to make decisions about audience, purpose or form. A piece of independent writing may provide evidence of a pupil demonstrating some 'pupil can' statements independently, but not others.

Writing is likely to be independent if it:

- emerges from a text, topic, visit, or curriculum experience in which pupils have opportunities to discuss and rehearse what is to be written about
- enables pupils to use their own ideas and provides them with an element of choice for example writing from the perspective of a character they have chosen themselves
- has been edited, if required, by the pupil without the support of the teacher, although this may be in response to self, peer, or group evaluation
- is produced by pupils who have, if required, sought out classroom resources, such as dictionaries or thesauruses, without being prompted to do so by the teacher

Writing is not independent if it has been:

- modelled or heavily scaffolded
- copied or paraphrased
- edited as a result of direct intervention by a teacher or other adult for example, when the pupil has been directed to change specific words for greater impact, when incorrect or omitted punctuation has been indicated, or when incorrectly spelt words have been identified by an adult for the pupil to correct
- produced with the support of electronic aids that automatically provide correct spelling, synonyms,
 punctuation, or predictive text
- supported by detailed success criteria that specifically direct pupils as to what to include, or where to include it, in their writing such as directing them to include specific vocabulary, grammatical features, or punctuation

Particular weakness (a more flexible approach)

- A pupil's writing should meet all of the statements within the standard at which they are judged. However, teachers can use their discretion to ensure that, on occasion, a particular weakness does not prevent an accurate judgement being made of a pupil's attainment overall. A teacher's professional judgement about whether the pupil has met the standard overall takes precedence. A teacher's professional judgement does not take precedence over that of a moderator and teachers must be able to justify their decision (TAG, p.14). This approach applies to English writing only.
- A particular weakness could relate to a part or the whole of a statement (or statements), if there is good reason to judge that it would prevent an accurate judgement being made. However the overall standard must be applied equally to all pupils.

During an LA External Moderation visit, the moderator may "request additional evidence and/or expand the sample if there is insufficient evidence or concern about the accuracy of a judgement – in certain cases, the sample may be expanded to include the whole cohort"

- (Teacher Assessment Guidance)

Slough Moderation Process

Within the context of STA statutory requirements and associated guidance, the Slough Moderation Handbook 2019-20 provides specific information for local authority (LA) external moderation visits. Teacher assessment (TA) must be robust and credible as it forms part of schools' published accountability data.

In line with STA requirements:

- moderations visits to at least 25% academies and 25% of all maintained schools
- schools selected for visits are informed by Friday 17th May and will be completed between Tuesday 2nd June to Friday 19th June.
- any appeals and re-moderation will take place between Monday 22nd June Wednesday 24th June
- moderators will select a minimum of 15% of a cohort or if a single class, a minimum of 5 pupils (KS2 Writing)

The purpose of the moderation visit is to moderate TA of writing at Key Stage 2. Through professional dialogue, LA external moderators will check teachers' understanding of the national standards, that the standards are consistently applied and look at the supporting evidence for a sample of children chosen by the moderators, across the range of attainment from across the year, including teachers' knowledge of the child. They *may* also wish to talk to pupils about their work.

Academies and Free Schools must comply with statutory requirements for Key Stage 2. The process for academies to notify STA about which LA they intend to use for moderating their teacher assessment (TA) has changed. All academies will be presumed to be working with their geographical LA. Academies must have a written agreement in place with their chosen LA by Friday 22nd November. If academies wish to use a non-geographical LA, they must notify STA which LA this will be, through the Primary Assessment Gateway, by Friday 22nd November. Academies will be charged by the LA they select for this service.

If an **Independent School** wishes to submit its results to the Department for inclusion in the national summary of results it must employ an LA and take part in their moderation process - moderated in the first year it participates and then at least once in every four-year cycle. They must inform the STA which LA by Friday 13th December.

Slough will not charge schools an additional fee for any appeals submitted by the school, following changes to judgements during an external moderation visit.

Slough's Local agreement (non-statutory)

The local agreement has been drawn up in consultation with, and with the agreement of, all stakeholders and revised annually via the Headteachers' Forum. All schools with a local agreement with the LA should have a written copy of this agreement signed by the headteacher. This includes:

- all schools being informed at the earliest date possible that they are being moderated (15th May 2020)
- having the data available to moderators at the school briefing so they can identify the appropriate pupils to be moderated
- the lead moderator informing the school of which pupils' work will be moderated the day before the visit
- having a minimum 0f two moderators per visit

LA External Moderators

These must be qualified teachers, with recent and relevant experience of Key Stage 2 assessment and moderation who have successfully completed one of this year's standardisation exercise (provided by the STA) and demonstrate their ability to:

- objectively review the evidence against national standards
- engage teachers in a professional moderation discussion in line with STA requirements
- provide accurate written and verbal feedback

Slough LA External Moderation Visits to Key Stage 1 & 2 Schools Code of Conduct

How should moderators engage with school staff?

Moderators are required to uphold the highest professional standards in their work and to ensure that everyone they encounter prior to as well as during the moderation visit is treated fairly and with respect. These standards are assured through a code of conduct, which is set out below:

How should school staff engage with moderators?

To ensure that moderation is productive and beneficial, it is important that moderators and schools establish and maintain an appropriate working relationship based on courtesy and professional behaviour. Slough local authority expects school staff to:

- adhere to part one of the Teachers' Standards and demonstrate that they are accountable for pupil attainment
- adhere to part two of the Teachers' Standards to ensure personal and professional conduct at all times
- apply their schools own codes of conduct in their dealings with moderators
- enable moderators to conduct their visit in an open and honest way
- enable moderators to evaluate the school objectively against national standards
- provide evidence that will enable the moderators to report honestly, fairly and reliably about their assessment processes
- · engage in a professional discussion with the moderators to minimise disruption, anxiety and bureaucracy
- draw any concerns to the attention of the moderators promptly and in an appropriate manner
- understand the need for moderators to talk to all members of the teaching team (Y2 or Y6) without the presence of a manager

Moderators must:

- · evaluate objectively, be impartial and moderate TA judgements without fear or favour
- evaluate TA judgements in line with national standards and base all evaluations on clear and robust evidence
- have no connection with the school or staff that could undermine their objectivity or have a perceived conflict of interest
- carry out their work with integrity, treating all those they meet with courtesy, respect and sensitivity
- endeavour to minimise the stress on those involved in the moderation
- maintain a professional discussion with the teachers and communicate judgements clearly and frankly ensuring that judgements are fair and reliable
- · respect the confidentiality of information, particularly about individual staff and pupils and their work
- respond appropriately to reasonable requests
- take prompt and appropriate action on any inaccurate TA judgements
- adhere to part two of the Teachers' Standards to ensure personal and professional conduct at all times

Recruitment: selection, training and quality assurance

Selection

- 1. Process begins with schools putting forward potential moderators to attend Key Stage specific selection training session in the autumn term. At the training, national standardisation materials will be used along with moderation discussions. The aim is to determine:
 - a. candidate's knowledge of national standards
 - b. ability to engage in professional moderation discussion and
 - c. provide accurate feedback

There will also be a paper-based exercise which will be sent electronically to the STA which must be passed. They have two opportunities to pass the standardised exercise to become a moderator.

2. Headteacher references are then taken up for candidates who successfully passed the Standardisation Exercise and who have been judged to demonstrate appropriate knowledge and skills. A reference is written against the person specification and requires the headteacher to confirm release for the necessary time commitment - to attend moderator training sessions, allocated school visits and support moderation sessions for teachers from schools not selected for a moderation visit this year. *Moderator's school claim costs of release and travel for moderation visits from the LA*.

KS2 moderator training and standardisation exercises will be provided by the STA and completed locally.

 The STA will assess the outcomes of the standardisation exercises and, by end of February 2020, will report to the LA if they have been successful.

Training

 New moderators selected for 2019/20 round of moderation visits join more experienced colleagues for Slough's programme of moderator training and development in the spring and summer term.

Quality assurance

- The moderation manager (MM) is responsible for quality assurance (QA) of moderators and the moderation process.
- Where at all possible they are paired with an experienced colleague for school visits.

All moderators:

- will visit schools in pairs or more depending on the size of the school
- (in most cases) will receive a QA visit as early as possible in the 'moderation window' the MM evaluates moderator conduct and practise during school visits
- may receive feedback and evaluations from schools via the QA both headteachers and the Y2 teaching teams.

Selecting schools for moderation visit

Reasons STA requires that schools are selected for a moderation visit may include:

- previous issues / risk of inaccuracy in 2018-2019 assessment cycle
- Ofsted category / STA concerns
- new teaching staff
- new headteacher / senior leadership team
- local concerns
- historical data concern and unusual patterns of attainment
- · date of last external moderation visit / within the four year cycle
- · directed by the STA
- schools with a Y6 cohort for the first time.

In line with STA effective practice:

- we provide opportunities for school standardisation against the teacher assessment frameworks supported by external moderators.
- all schools *not* receiving an external moderation visit have the opportunity to attend a central moderation meeting for securing judgements. This will help to ensure consistency of national standards across the LA (*see full training schedule at the end of this document*).

Slough Moderation Timeline

In instances when the LA external moderator's judgement of an overall teacher assessment level differs from that of the school the Slough appeals process will apply.

Moderation Checklist for Schools

Preparation towards the visit

1. Senior leaders and all Y6 teachers read Slough Moderation Handbook for 2019-20

The best way for schools to prepare for an LA external moderation visit is to have robust assessment processes, based on teachers' strong understanding of the interim standards.

Before the visit

- 1. Book staff and HT/senior leader on free initial school briefing session via 'The Links' website.
- 2. Assessment leaders consider if sufficient range and variety of evidence to underpin TA judgements internal moderation or cross-school moderation can help here.
- 3. Collate ranked **cohort** list on **LA template provided** if LA schools have agreed to this. N.B. *template includes column for pupil identifier information and additional information to make moderation fair.*
- 4. Y6 staff and HT/senior leader attend initial school briefing KS2 afternoon, Beechwood
- Bring 1 hard copy of ranked cohort list
- · Take class, year group and school diary to confirm moderator offered date
- · Bring headteacher's local agreement form

Between 15th May and visit

- 1. Book visit date into school diary/staff calendar, arrange necessary staff cover to release all Y6 team teachers
- 2. Identify quiet room for Y6 team to meet with moderators sufficient space, take room 'off timetable'.
- 3. Prepare office for call coming in day before visit date, time, name of moderator calling and staff member to take call.
- 4. When moderator calls at agreed time the day before the visit, have cohort list to tick off children selected for sample.

During this call, school *must* inform moderators of any relevant information – for example, changes to rank cohort list from that provided from 20th May 2020.

- 5. Inform teachers and HT/senior leader of selected sample.
- 6. Teaching team collect and organise evidence together for each child in sample and prepare allocated room.

During the visit

- 1. Headteacher or agreed representative senior leader available for moderators to introduce themselves on arrival.
- 2. Ensure the school is aware of the appeals process.
- 3. School *must* inform moderators of any relevant information on arrival staff illness, changes to rank cohort list from that provided on 20th May 2020 if not provided the day before during telephone contact.
- 4. Teaching team and moderators meet together in allocated room introductions made, moderators briefly outline session and opportunity for staff to ask any questions before process beings.
- 5. Teachers engage in professional discussion with moderators.
- 6. School staff to alert moderators to any concerns about the process as it unfolds to enable swift response to address concern.
- 7. Confirm agreed moderated judgement with moderators for each sample child before moving to next child
- if moderators and school cannot reach agreement the moderators judgement is recorded and school must submit this judgement (see 8 below)
- 8. When all children in the sample have been discussed moderators will:
- confirm agreed judgements with teaching team levels and assessment procedures
 - o where there was no agreement about a child's level the moderator judgement is the one to be recorded on the form and must submitted by the school
 - o if no agreement has been reached, moderators can inform the school of the Right of Appeal
 - o moderators will identify:
 - § any moderated judgments which the LA would consider further evidence
 - § any moderated judgments which the LA would not consider further evidence
 - any moderated judgements that the school has appealed and or agreed to be re-moderate
- confirm numbers at each standard post moderation with teachers
- moderators can expand the sample of pupils and request additional evidence
- request teachers leave room for 10 mins to enable moderators to finalise the visit form for verbal feedback to teaching team and headteacher

End of the visit

- 1. Teaching team return to room at agreed time, with headteacher for final feedback.
- 2. Once visit form has been agreed and signed as accurate by teachers, headteacher (or a senior leader with delegated responsibility) and moderators, school will photocopy one copy for each teacher and one for the headteacher, returning the original to moderators.
- 3. Visit notes will contain all the key decisions of the visit. Where a pupil's TA has been amended, it must be detailed clearly.

- 4. If a pupil(s) is allowed to be considered for re-moderation or appeals these details will be included in the visit notes.
- 5. Schools will be reminded that submitting data after the deadline without agreement from the LA or STA will be subject to a maladministration investigation.

Post visit

The LA will have informed schools of **data submission date**, with time for LA to check submission against moderated levels on visit form before DfE submission deadline of 25th June 2020 via Primary Assessment Gateway.

The headteacher must ensure that all submitted TA data is accurate and in line with national standards.

Data submissions **must** include any required changes to TA as a result of the LA external moderation visit.

Moderated schools must inform the LA of their intention to amend any TA level **before** data submission – see 8 previous section.

Where submitted data differs from the moderated data, the LA **must** investigate the difference and refer the issue to STA if required.

<u>Local authorities can change level outcomes in a school's TA submission if they deem it necessary before submission to the Department.</u>

Slough will have a process in place to investigate unexpected patterns in a school's attainment.

The school may be required to look again at judgements for pupils not in the sample, if so, include these details in the visit notes.

Re-moderation

Depending on the date of the visit, there may be a **small percentage** of pupils who haven't met a small number of the 'pupil can' statements and where pupils could potentially meet the next standard before date of submission (25th June 2020).

If the LA external moderators agree that these pupils will be able to consistently demonstrate a higher standard after the external moderation visit, but before the TA deadline date, the LA can agree to accept additional evidence for the pupils to validate the proposed standard.

If the school TA judgements were not amended during the visit, then the school can undertake this remoderation and resubmit the data (please refer to p.23; 8.7; 2nd paragraph of the Teacher Assessment Guidance).

If moderators had to amend some of the TA judgements then the LA will undertake re-moderation of the additional evidence to confirm the final TA judgement.

Moderators will ensure those pupils to be considered for re-moderation will be listed clearly on the initial visit note.

Slough Appeals

In instances when the moderator's judgement of an overall teacher assessment differs from that of the school the following procedures apply:

Stage 1 - during the visit

- The moderators will inform the school representative of their judgement relating to the teacher assessment frameworks for an individual pupil's overall teacher assessment outcome. The moderator's judgement will be supported by a detailed explanation.
- If the school representative accepts the moderator's judgement of the standard to be awarded, the standard awarded for that particular sample will be changed to the standard determined by the moderator.
- All teacher assessments made by the school at the same standard will be made available to the moderators
 for further sampling. If further samples of that overall teacher assessment are found to reflect standards at
 variance with the moderator's judgements, the school will be required to reconsider its assessments at the
 standard in question.
- The Headteacher will be notified of the moderator's judgement and the required procedures to be acted upon.
- · The moderator will inform the Moderation Manager.
- If the Headteacher agrees with the moderator's judgement at Stage 1 no further action need be taken.

Stage 2

- If the school disagrees with the moderator's judgement, the lead moderator should be informed by the Headteacher (or designated senior leader) during the school visit.
- The Headteacher (or designated senior leader) will then contact the assessment and moderation manager immediately after the visit.

- The Moderation Manager will arrange for another moderator/s to visit the school or teacher to come to a venue and review the teacher assessment sample at the disputed standard. This moderator/s would not discuss the evidence with the first moderator/s, to enable an independent judgement to be made.
- If the second moderator/s supports the school's judgement relating to the teacher assessment sample at the disputed standard, this judgement will act as endorsement of the school's judgement for overall teacher assessment at that particular standard.
- If the second moderator supports the original moderator judgement relating to the teacher assessment sample at the disputed standard, the Headteacher will be informed of this decision.
- If the Headteacher agrees with the outcome of the second moderator's decision at Stage 2 no further action need be taken.
- The work seen must be the same as examined in the first moderation without any additions.
- See Appendix 1 Stage 2 Appeals Form

Stage 3

- If the school does not accept the second moderator's judgement, the Headteacher should contact the Moderation Manager.
- The Moderation Manager will arrange for the overall teacher assessment sample at the disputed standard to be reviewed at a formal appeal panel. This panel will include Moderation Managers/moderators from a neighbouring LA (Hillingdon). The Moderation Manager will inform of the school of the panel's judgement and will provide written verification of that judgement for the school.
- This judgement will be final.
- See Appendix 2 Stage 3 Appeals Form

External moderation involves a professional discussion between the external moderator and the year 6 teacher in which a sample of evidence is reviewed to validate that each teacher assessment judgement – of writing - is accurate and consistent with national standards.

The best way for schools to prepare for a moderation visit is to have robust assessment processes, based on teachers' strong understanding of the national standards.

The moderation visit should not require any addition to a teacher's workload.
