

## **Asymptomatic Lateral Flow testing over the school holidays, collection sites and information for all Year 6 students**

Over the school summer holidays all school staff (even if fully vaccinated), secondary school and college students should continue to test (using rapid Lateral Flow tests) and report results online. Testing should continue twice weekly either using home test kits or at an on-site facility. Tests should be taken three-four days apart.

This autumn, asymptomatic testing will resume in secondary schools and colleges - including two tests in person on return – and continue until the end of September with a review at that point. This means that apart from tests taken in person on the return to school, pupils will be expected to carry on testing themselves twice a week using LFD tests obtained online, through their school/college or via their local pharmacy.

Primary schools should communicate with the parents of all Year 6 children around the need to support their child with rapid Lateral Flow testing and reporting over the summer so that their child understands why they will need to undertake twice weekly rapid Lateral Flow testing at secondary school and are prepared for testing and reporting on entering Year 7. Community testing sites will support with this if parents go along to a local testing site with their child.

Information about how to undertake a rapid Lateral Flow test (with supporting videos) can be found here: [Coronavirus \(COVID-19\) rapid lateral flow home test kit instructions for throat and nose test - GOV.UK \(www.gov.uk\)](#)

Instructions on how to report a COVID-19 rapid Lateral Flow test result can be found on the following site: [Report a COVID-19 rapid lateral flow test result - GOV.UK \(www.gov.uk\)](#)

The summer timetable for the collection of rapid Lateral Flow testing kits and on-site testing in Slough is below: -

**Options for Lateral Flow Testing:**

<b>Community Sites</b>	The Centre, Langley Pavilions & Mobile Van	Community / Mobile Lateral Flow testing sites where members of the public go to take their test then and there, their result is texted to them approximately 30 minutes later <a href="https://www.gov.uk/find-covid-19-lateral-flow-test-site">https://www.gov.uk/find-covid-19-lateral-flow-test-site</a>
<b>Community Collect</b>	The Centre, Langley Pavilions & Mobile Van	Community / Mobile Lateral Flow testing sites where members of the public go to collect their Lateral Flow Device test kits (7 kits in a box) and conduct the test at home and they log their result on the governments website
<b>Workplace Collect</b>	Workplaces sign up to receive the tests directly	A company registers for Lateral Flow testing kits (containing 5 tests) for their employees. The kits are sent directly to the company to distribute amongst staff who conduct the test at home (the deadline for registration is 12 April 2021 for this service) <a href="https://www.gov.uk/get-workplace-coronavirus-tests?priority-taxon=774cee22-d896-44c1-a611-e3109cce8eae">https://www.gov.uk/get-workplace-coronavirus-tests?priority-taxon=774cee22-d896-44c1-a611-e3109cce8eae</a>
<b>Workplace Testing</b>	Testing in the workplace	Workplace staff receive training in supervising tests and SBC supply tests to your organisation in return for a weekly report of number of tests conducted requires setting up clinical waste removal and follow the LFT SOP)
<b>Pharmacy Collect</b>	Pharmacies which have joined the service	Members of the public can collect up to 4 boxes of Lateral Flow Device test kits for their household to test twice/week and report all results, pharmacy contractors can choose to provide this service and will sign up to take part
<b>Home Testing Kits</b>	Members of the public can register to have kits sent to their home directly	<a href="https://www.gov.uk/order-coronavirus-rapid-lateral-flow-tests">https://www.gov.uk/order-coronavirus-rapid-lateral-flow-tests</a>
<b>Testing Site Finder</b>	Where you can go to have a symptomatic (PCR) or Asymptomatic (LFT) Covid Test	<a href="https://www.gov.uk/find-covid-19-lateral-flow-test-site">https://www.gov.uk/find-covid-19-lateral-flow-test-site</a>
