Look beyond the obvious. Young people:

May not understand or recognise they are being exploited.

Need you to look beyond the obvious to protect them from harm. Don't always look vulnerable or act like we may expect a victim should.

May have committed offences as part of their exploitation.

Will often distrust the police and other adults in authority.

May behave aggressively as this is a common response to trauma.

Can be scared about what might happen to them next.

Need to feel safe and heard, in order to talk.
