

KNIFE ANGEL– HEALTHY RELATIONSHIPS WORKSHOPS

Safer Slough Partnership has commissioned 8 workshops to be run in secondary schools to mark the presence of the Knife Angel in Slough. The sculpture, made from over 100,000 seized blades, was specifically created to highlight the negative effects of violent behaviour whilst solidifying our critical need for social change. Not only does the Angel act as a catalyst for turning the tide on violent and aggressive behaviour, but it is also acts as a beautiful memorial designed to celebrate those lives who have been lost through these violent and thoughtless actions.
