There are currently many children of black African & Caribbean and mixed black heritage waiting for a permanent family they can identify with. These children often wait the longest to be adopted.

We encourage you to come forward if you are from a black or dual heritage African or Caribbean background and are interested in parenting a child through adoption.

If you live within the M25 area, come along to our Adoption Information Evening to find out more about how to become an adoptive parent with Coram.

Book and find out more using the QR code or visit coramadoption.org.uk/adoption-events
