

# Could you spot the signs of your child being exploited?

## Do they:

- regularly go missing
- travel to other areas
- go out very late

## There is help

Noticed changes in a child and not been able to work out what is going on? Any of these tell-tale signs could mean a child is being used by criminals or gangs.

Does your child go missing from home or school regularly? Are they spending time outside of the local area with people you don't know? Are they going out later and not coming home until the early hours of the morning?

There is help out there.
