Why Become An Oral Health Champion?

We will give you the knowledge and tools to support others with their toothbrushing, diet and dental visits. With the access to dentistry being a current challenge, it is vital that people are supported to look after their own oral health effectively to prevent pain and problems.

Held virtually

90 minutes including the opportunity to ask questions.

Time and day to be confirmed

Once you have expressed interest, a member of the CDS CIC team will be in touch.
