

What to do when a child needs help

Multi-Agency training for Slough professionals (including those in the voluntary sector) who work with children and families.

Aims and Objectives: Slough Safeguarding Partnership aims to increase awareness to effectively respond to children who need help or protection

By the end of the course you will :

- Know how to respond when a child needs help or protection,
- Know how to respond to the unexpected,
- Have confidence in being professionally curious with the child and or their family, to understand their needs,
- Be able to skilfully challenge families and other professionals, when needed,
- Know how to find out what help the child and or family need and to support the family to access it,
- Know where to access support for you as a professional, to assist in your decision making to help the child and their family,

When : 21st October 2025, 14:00 -16:30

Where: Observatory House, Slough
