

# ONLINE PROGRAMME

## GETTING IT RIGHT FOR TWOS:

### An Interactive 3-Session Programme

Join us for a dynamic, three-part professional development programme designed to deepen your understanding of evidence-based approaches and practice when working with two-year-olds. The sessions will support educators to look at provision through the eyes of the two-year-old, reflecting upon the unique child, positive relationships, enabling environments and learning and development. They will provide opportunities to reflect upon aspects of the day with children's rights in mind, including the daily routines, mindful care and supporting play.

This training is for educators who are new to working with two-year-olds, those who haven't done training specifically about being with two-year-olds or those wanting a refresher on getting in right for two-year-olds. You will be required to attend all three sessions:

Thursday 23<sup>rd</sup> April 2026, 4pm-6pm

Thursday 30<sup>th</sup> April 2026, 4pm-6pm

Thursday 14<sup>th</sup> May 2026, 4pm-6pm
