

Freedom of Information Request

I would like to make the below request under the Freedom of Information Act.

Slough Virtual School has a statutory duty to promote the education of previously looked after children and provide help and advice both to schools, education establishments and eligible parents and carers.

To help develop this service we need to know how many of these children are in Slough schools and education establishments. Hence we are requesting numbers only in relation to the questions posed below:

1. The number of children and young people who have been adopted who attend your education establishment
2. The number of children and young people with special guardianship orders issued by Slough Children's Services Trust
3. The number of children and young people with special guardianship orders issued by other local authorities
4. The number of children and young people with child arrangement orders issued by Slough Children's Services Trust
5. The number of children and young people with child arrangement orders issued by other local authorities

For your information, I have attached some brief details of the new duty. We will be contacting all Slough SGO carers to inform them of their rights under the new Act.

I thank you in advance for your help with this freedom of information request. If you have any queries, please contact me. My email address is below.

I look forward to your response within the statutory deadline of 20 working days.

Ewen Godfrey
