Values - Educating the Whole Child

Why is everyone talking about Values-based Education?

What is the Inner Curriculum?

Charville Academy invite you to see what an authentic, values-based curriculum looks like and how it will meet the needs of the holistic Quality of Education judgement for the new Ofsted Framework.

"A culture of values is embedded through the school and positively impacts on learning, behaviour, relationships and outcomes." Ofsted 2017

The staff and children of Charville invite you to join them to learn more about Values-based Education, how it works, what it looks like and the impact it has on the school and the community. Thousands of schools and millions of children around the world are now benefitting from learning about - and living - their values. Also hear from national VbE speaker, Sue Webb.
