1.	Welcome and introductions <ul style="list-style-type: none"> JM welcomed the group and guests and outlined the session. 	JM
2.	Safeguarding audit Jatinder congratulated schools of the hard work completing the audit. An outline of the key findings was shared at the meeting on trends and key themes. The draft analysis of the audit report is going to the LSCB Education Sub Group on the 29 th April 2019 and will be shared more widely after that. The portal is open again for schools to update their audit if they wanted too. A wider discussion about the next date for the audit was discussed. The audit will be ready for 2018-19 input from July 2019 and submitted in October 2019 with a 3 month lead time to complete. It feels like a quick update as schools have just submitted the last one in March 2019 but it will predominately be the data section which will require the most updates as we were out of timescales for the current cycle. This will put us back in the correct timeframe in the cycle.	JM
3.	Mental Health Updates Jatinder reminded the group about the Mental Health in Schools guidance that came out in Dec 2018. There is lots of work on going around this area including remodelling and commissioning of new mental health provision through the Local Transformation (LTP) Programme with the clinical commissioning group (CCG). This group is running consultation groups at Arbour Park on the 29 th April and 20 th May 2019 on a range of pathways to ASD and ADHD.	JM

An outline of the offer is attached with the minutes. The programme will be ready for delivery from the autumn term. JM will be in touch with dates shortly.</p> <p>There are some schools who have been identified through local community intelligence and local demographic data to receive additional targeted youth work for their students. <u>Action: Schools asked how the allocation works if they have a large proportion of children from outside of Slough attending schools.
