Oral health is a vital part of someone's general health, wellbeing and dignity. Become a champion and be able to support children and their families to maintain a healthy mouth and body.

SIGN UP  
TODAY

## Training Highlights :

- Expert-Led Session
- Interactive Learning
- CPD certified valid for two years
- An addition for your CV
- Personal and career development

## Why Become An Oral Health Champion?

We will give you the knowledge and tools to support children and their families with their toothbrushing, diet and dental visits. Poor oral health impacts a child's ability to speak, eat and smile and can cause pain and suffering. The skills you will learn will enable you to support children to have healthy mouths.

### Held virtually

90 minutes including the opportunity to ask questions.

### A variety of days and times to choose from

Once you have completed the sign up form, a member of the CDS CIC team will be in touch.
