

# Slough Children First

## Engaging with children, young people and families

Here at Slough Children First, we are changing the way in which we support children, young people and families and want to hear from parents and carers about the things that are important to you when accessing our support.

**We want to hear your views on:**

The best ways to help and support families

What gets in the way

The key things that matter

Where support should be delivered to you as a parent/carers and how we should do this

What we should do differently
