MOVING TO WRITE WORKSHOP

Supporting Early Writing Through Movement

Tuesday 4th November 2025

1:15pm-4:15pm

Chalvey Community Hub, Slough, SL1 2SR

Before children can write, they need to move!

The new DfE Writing Framework (July 2025) reminds us that handwriting starts with the body – from core strength and balance to fine motor control and precision.

Join our Moving to Write workshop to explore how movement, play and physical development lay the foundations for fluent writing.
